

# Getting Started with CyberRat

## What do I have to do?

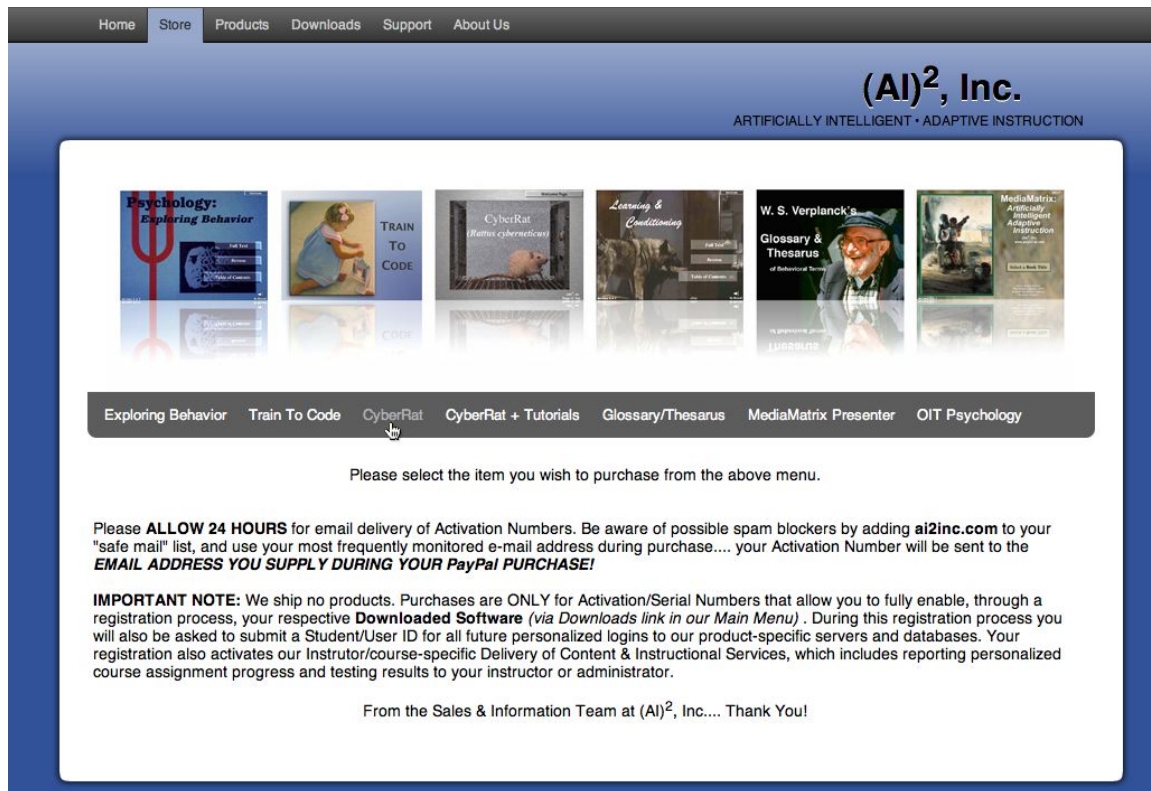

First you need to purchase, then register/activate to establish a student registration for your school/instructor/course on the CyberRat servers, and finally download CyberRat for installation on your computer.

### 1. PURCHASE -- Let's Walk Through the Purchase Process:

Go to the Home page at <http://www.ai2inc.com/>

Among the tab menu items at the top of this page is the **Store** tab, click on this menu item to access the (AI)², Inc. online Store:

## What are my Purchase Options?

There are many different products available here, each with its own Menu in the “secondary menu” bar just below the visual display of products. Click on the *CyberRat* menu option, as illustrated above. This will take you directly to the *CyberRat* purchase page, illustrated below.

or send a check for \$25.00 and INCLUDE YOUR e-mail ADDRESS to:

(AI)<sup>2</sup>, Inc.

PO Box 2963

Winter Park, FL 32790-2963

You will be e-mailed an Activation Number only if you include your e-mail address, otherwise an activation license will be mailed US postal to your return address on the envelope!

On this purchase page you are given two alternative payment options to purchase CyberRat for \$32.00:

1. Purchase via the highly secure PayPal service (it allows you to use your credit card or e-check without our company seeing any of your credit card information), and you do NOT have to be a member to make this purchase.
2. Purchase by sending a check or money order through the US Postal Services. Write the check for \$32.00 to be paid to (AI)<sup>2</sup>, Inc. Send it PLUS YOUR E-MAIL address to:

(AI)<sup>2</sup>, Inc.  
1400 Bonnie Burn Cr.  
Winter Park, FL 32789

Please note, we MUST have your e-mail address to send you the

CyberRat Activation Number after receipt of your check. If there is no e-mail address included, we must mail via USPS your Activation Number, which will significantly delay receipt and access to use of CyberRat.

## What Did I Buy and What Happens Next?

Within *approximately 24 hours* (often much less) of receipt of your purchase you will receive an e-mail with a ***CyberRat Activation Number*** that reads pretty much as follows:

Thank you for your purchase of the downloadable version of CyberRat. You have purchased only downloadable software and no product will be shipped to you. You may download as many copies to as many computers as you wish with this single registration. Your serial number is

16FCRxxxxxxxx (your ACTUAL personal number will be here)

Go to:

<http://www.ai2inc.com/Registration/CRregistration/CRregistration.html>

to register this number and complete your course registration so your instructor may receive your assignments when you complete them. A fully illustrated User Guide for CyberRat may be downloaded by using the last link on the following web page:

[http://www.ai2inc.com/AIDownloads/AIDownloads/guide\\_downloads.html](http://www.ai2inc.com/AIDownloads/AIDownloads/guide_downloads.html)

You may download CyberRat itself beginning at:

## 2. ACTIVATION/REGISTRATION -- How and What Do I Register?

As the activation e-mail message instructs, go to:

<http://www.ai2inc.com/Registration/CRregistration/CRregistration.html>

There you will see the following page:

**Activation Site For:  
CyberRat**

**(AI)<sup>2</sup>, Inc.**

**Your Home for CyberRat Activation Number Registration**

**What's Required:**

This web-site is where you begin your registration of the **CyberRat Activation/Serial number** you purchased online. Registration of your unique **activation number** that was sent to you via e-mail is required to store CyberRat session data on our servers at (AI)<sup>2</sup>, Inc. Otherwise you have highly limited (Visitor-only) services from your copy of CyberRat.

Our services allow CyberRat users to store all data concerning animals, experimental session histories, playback video records, and data for graphing any archived sessions. Each student creates a unique **laboratory record** (even if you have previously registered for your course to access CyberRat's *Learning and Conditioning Tutorials*, you still must register for this laboratory section as well) on our servers by **registering a student ID** (university ID) which will be used for your future logins and by which the instructor will know you. We then make it possible for instructors to view student progress for all student's in their (and **ONLY** their) specific courses and/or sections.

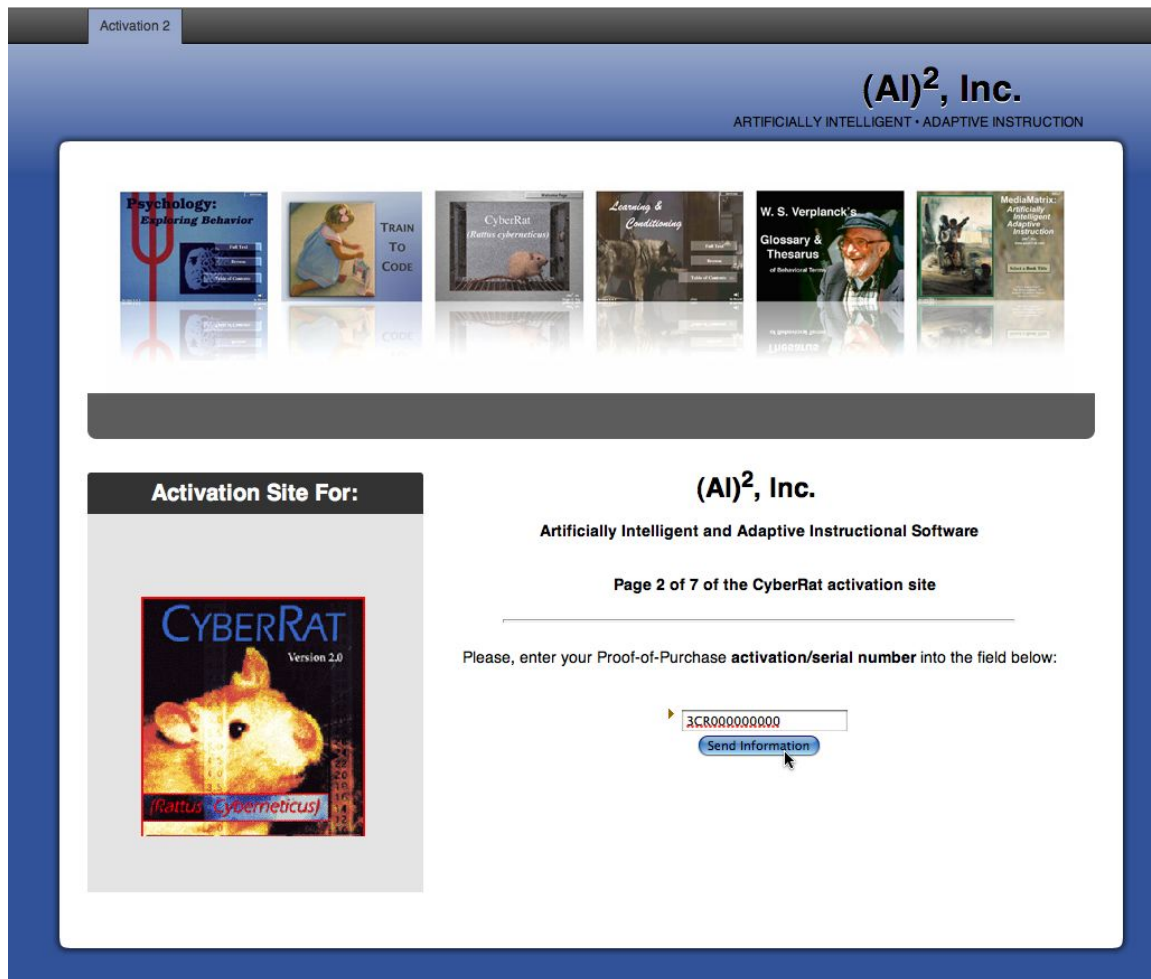

**IMPORTANT:**

Even if you are a single individual user not taking a course from an instructor at some school, college, or university, you **MUST** register in our PRIVATE USE section to allow full use and data storage for your single copy of CyberRat.

[CLICK HERE](#) to begin your Activation Registration....

The **CLICK HERE** *at the bottom of this page* starts the registration of your Activation/Serial number. First, you Register your serial number....type it in and click **Send Information**:

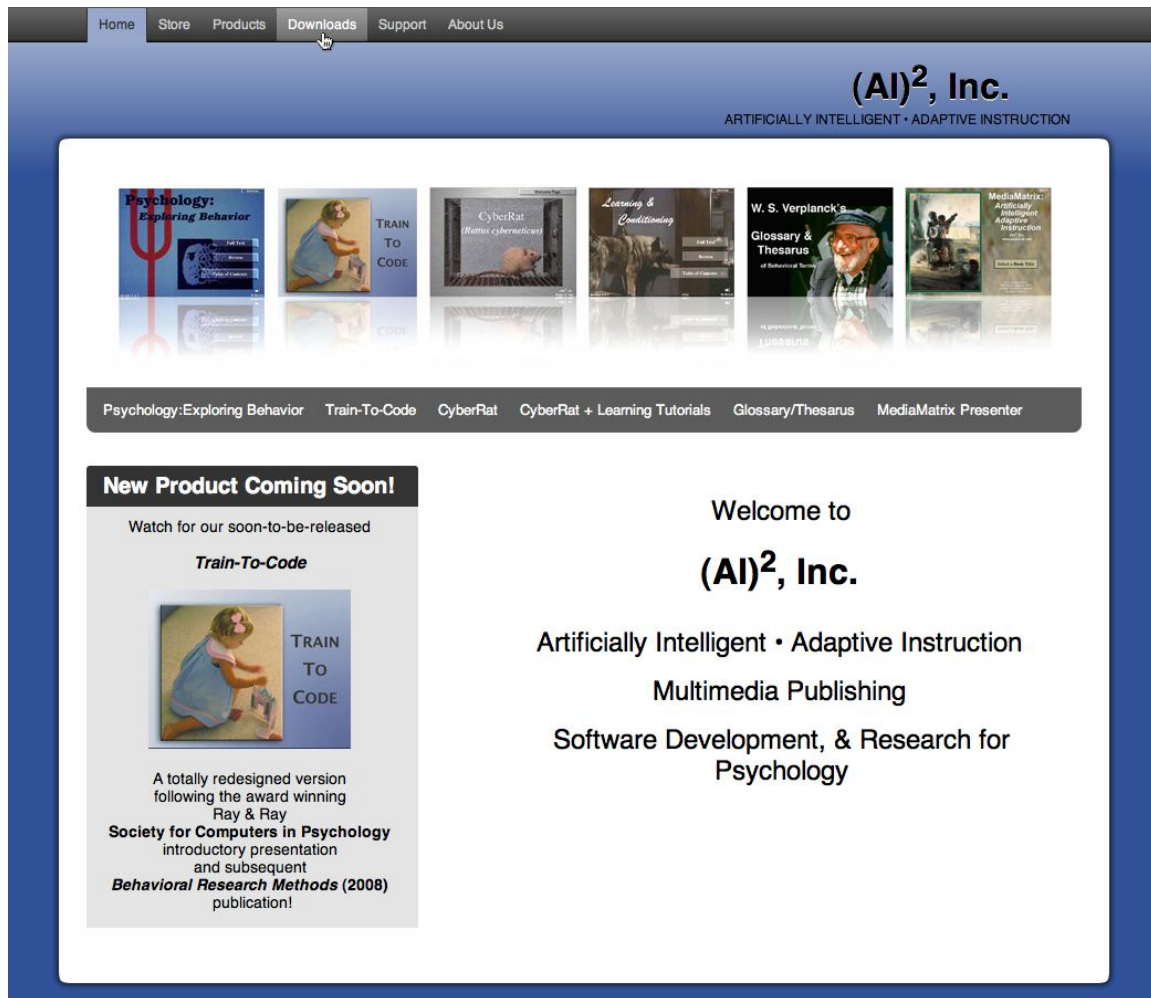

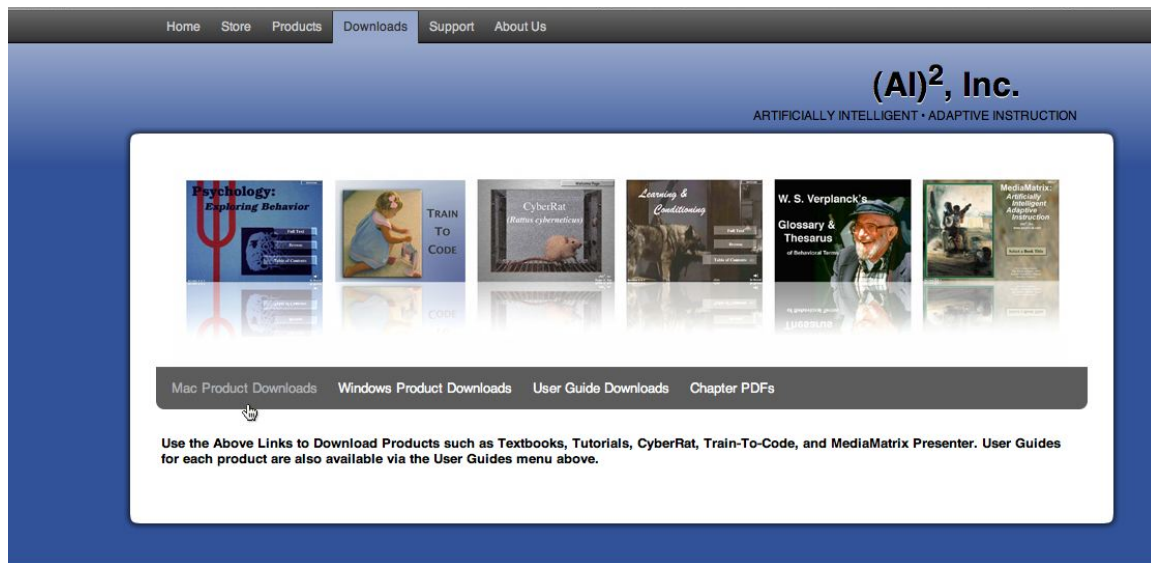

Next, you need to submit a **STUDENT ID** number (your university ID) that will also be used as a **LOGIN ID** when you start using *CyberRat*. The remainder of the registration process should be self-explanatory as you go through it...you are essentially signing up for the instructor, school, course, section that requires use of *CyberRat*. This assures the right instructor gets your data when you run experiments!

### 3. DOWNLOAD *CyberRat* software -- Let's walk through the Download process:

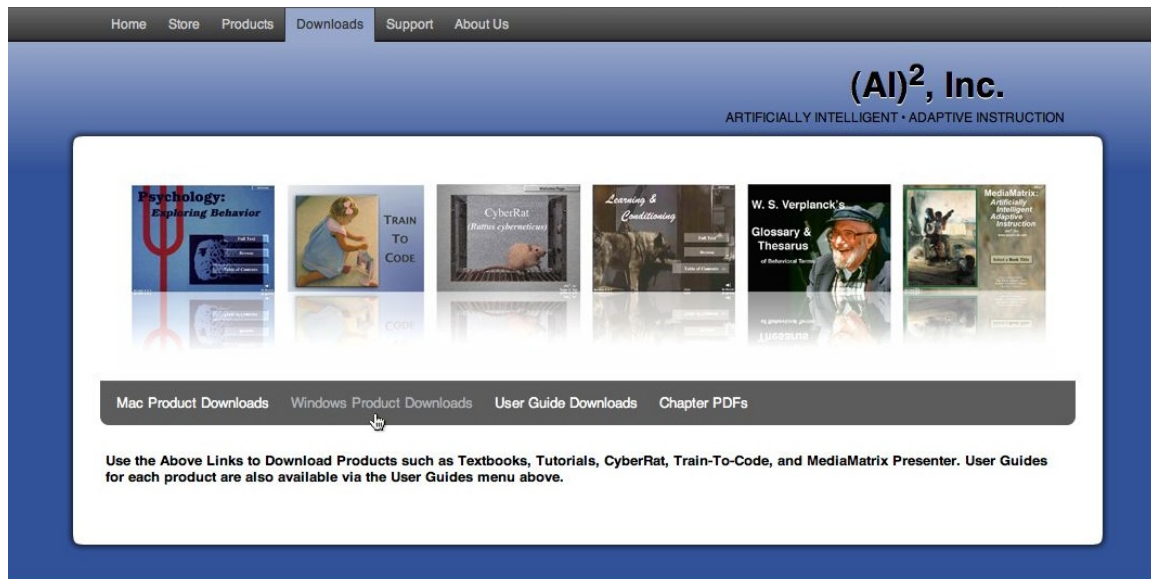

1. Begin at <http://www.ai2inc.com> where, among the tab menu items at the top of this page is the **Downloads** tab, click on this menu item to access the (AI)<sup>2</sup>, Inc. online Store:

2. When you get to the Downloads main page, there are options to go to the Mac Products Downloads (seen below) or the Windows Downloads Page (seen beneath the Mac illustration below):

Installation Instructions

Downloads are self-installing packages.

**Windows OS** users are downloading an .exe file that installs a folder called **CyberRat** on your default installation drive (usually your :C drive). After installation, look for this folder called CyberRat and keep the CyberRat application in this folder for proper use.

**Mac OS-X** users are downloading a **DMG image** that shows as a disk. The entire **CyberRat** folder must be copied from the DMG window onto your HD and the CyberRat application must remain inside this folder for proper use.

- TEXTBOOKS: Mac Version of *Psychology: Exploring Behavior*, *OIT-Psychology: Adaptive Instruction*, or *Learning & Conditioning Tutorials* -

(MediaMatrix Delivery System for all our textbooks, including Kasschau's ***Psychology: Exploring Behavior***, ***OIT-Psychology: Adaptive Instruction***, or ***Learning & Conditioning Tutorials*** for users with Mac OS -- Your subsequent registration defines which textbook you are served from our servers.)

- [CyberRat for Mac](#) -

(CyberRat for users with Mac OSX)

- Mac Version of *On-Line MediaPresenter* -

(Our **MediaMatrix MediaPresenter** for Mac OS-X users in On-Line courses (asynchronous, out-of-classroom use only).)
